BrightPath Learning — RAG Testing Knowledge Base

Official Operational, Academic, and Technical Policy Handbook (Standard Test Document v1.0)

Note for Evaluators: *BrightPath Learning is a fictional educational organization created specifically to validate document upload, text extraction, semantic chunk retrieval, grounding accuracy, and AI question-answering systems. All figures, schedules, and scenarios herein serve as authoritative ground truth.*

1. Company Information

Organization Name: BrightPath Learning

Year Founded: 2021

Corporate Mission: Make practical technology education accessible to beginners through hands-on curriculum, structured mentorship, and industry-aligned skill tracks.

Support Operating Hours: Monday–Friday, 9:00 AM–5:00 PM IST (Indian Standard Time). Support operations are paused on Indian national holidays and weekends.

Headquarters Location: Bengaluru, Karnataka, India

Official Support Contact: support@brightpathlearning.in

2. Course Catalog & Curricular Structure

BrightPath Learning offers three core vocational tracks. All courses include live mentorship sessions, hands-on homework assignments, and an end-of-course capstone portfolio project.

Course Name	Duration	Course Fee (INR)	Curriculum & Core Topics
Web Development Foundations	8 weeks	₹7,500	HTML5 semantic structure, modern CSS3 layout & Flexbox/Grid, JavaScript ES6+, React 19 component architecture, Node.js runtime, Express backend services, and REST APIs.
Data Analytics Essentials	6 weeks	₹6,000	Advanced spreadsheets & lookup functions, relational SQL querying (joins, aggregations, subqueries), data cleaning techniques, interactive BI dashboards, and descriptive statistics.

Cloud Fundamentals	4 weeks	₹4,000	Cloud computing paradigms, Identity and Access Management (IAM), virtual machines & VPC networking, container basics, and automated cloud application deployment.

Course-Specific Projects & Assignment Requirements:

• **Web Development Foundations:** Requires 4 graded assignments and 1 capstone project (Personal Portfolio & Task Management REST API). Total learning commitment: 120 hours.

• **Data Analytics Essentials:** Requires 3 graded assignments and 1 capstone project (Retail Sales Performance & Churn Dashboard). Total learning commitment: 80 hours.

• **Cloud Fundamentals:** Requires 2 graded assignments and 1 capstone project (Multi-Tier Web Application Cloud Deployment). Total learning commitment: 45 hours.

3. Student Refund & Cancellation Policy

BrightPath Learning provides a transparent, consumer-friendly refund policy to guarantee learner confidence.

1. Window for Request: Students can request a full refund within exactly 7 calendar days of their initial payment timestamp.

2. Eligibility Criteria: To qualify for a full refund, the enrolled student must have completed no more than one lesson in the course and must have submitted no graded assignments.

3. Disqualification: If a student has completed two or more lessons, or has submitted even one graded assignment, the enrollment becomes strictly non-refundable regardless of whether 7 calendar days have elapsed.

4. Processing Timeline: Approved refunds are credited back to the original payment source within 5–7 business days following administrative approval.

5. Mandatory Request Information: Every refund submission must explicitly provide: (a) Registered student email address, (b) Exact course name, (c) Date of payment, and (d) Payment transaction reference ID (e.g., TXN-WD-88412).

4. Certificate Issuance Policy

BrightPath Learning awards verifiable, industry-recognized digital credentials upon meeting academic standards.

• **Lesson Completion Requirement:** Students must complete at least 80% of all scheduled course lessons and interactive modules.

• **Assessment Score Requirement:** Students must score at least 60% on the comprehensive final course assessment.

• **Issuance Turnaround:** Certificates are issued digitally via secure download within 2 business days after academic verification is complete.

• **Retake Allowance:** Students scoring below 60% are granted one free assessment retake after a mandatory 7-calendar-day study period.

5. Assignment Submission & Grading Policy

• **Standard Review Turnaround:** The normal assignment review and grading turnaround time is 3 business days from submission.

• **Late Submissions (Up to 3 Days):** Assignments submitted up to 3 calendar days after the stated deadline receive a flat 10% score deduction (e.g., an 85% paper becomes 76.5%).

• **Excessive Late Submissions (>3 Days):** Assignments submitted later than 3 calendar days past the deadline receive zero credit unless an explicit instructor exception has been approved in writing prior to the cutoff.

6. Technical Support & Platform Guidelines

• **Authentication & Login Issues:** Verify the registered email spelling and use the automated "Forgot Password" link on the portal. If locked out, contact support.

• Critical Security Protocol: BrightPath Learning support staff never ask for user passwords or One-Time Passwords (OTPs) under any circumstance. Never disclose your security credentials.

• **Video Playback Troubleshooting:** Refresh the browser tab, check your internet connectivity (minimum recommended download speed: 5 Mbps), disable conflicting ad-blockers, and ensure your browser (Chrome, Edge, or Firefox) is updated.

• **Normal Support Response Target:** 1 business day for standard inquiry tickets submitted through support@brightpathlearning.in.

7. Sample Student Case Scenarios

The following five concrete case scenarios illustrate the application of BrightPath Learning policies to real-world learner situations.

Scenario 1 — Priya Sharma: Timely Refund Request
Student & Course: Priya Sharma — Web Development Foundations (Fee: ₹7,500, Paid: March 1, 2026, Txn: TXN-WD-88412)
Academic Activity: Completed 0 lessons; submitted 0 graded assignments.
Request Date: March 5, 2026 (Day 4 after payment, within the 7-calendar-day window).
Evaluation & Outcome: APPROVED for full refund of ₹7,500. Priya met all criteria (within 7 days, <= 1 lesson completed, 0 assignments submitted). Funds credited back to her bank account within 6 business days.

Scenario 2 — Rohan Verma: Disqualified Refund Request

Student & Course: Rohan Verma — Data Analytics Essentials (Fee: ₹6,000, Paid: February 10, 2026, Txn: TXN-DA-55201)

Academic Activity: Completed 3 lessons and submitted Assignment 1 on February 14, 2026.

Request Date: February 15, 2026 (Day 5 after payment).

Evaluation & Outcome: DENIED. Although the request arrived on calendar Day 5 (within 7 days), Rohan completed 3 lessons (limit: max 1 lesson) and submitted a graded assignment (limit: 0). The enrollment is strictly non-refundable.

Scenario 3 — Ananya Nair: Successful Certificate Qualification

Student & Course: Ananya Nair — Cloud Fundamentals (4 weeks, Paid: January 15, 2026)

Academic Activity: Completed 9 out of 10 lessons (90% attendance, above 80% threshold). Scored 74% on the final assessment (above 60% threshold).

Evaluation & Outcome: QUALIFIED FOR CERTIFICATE. Ananya fulfilled both academic criteria. Her digital certificate (Credential ID: BP-CF-2026-904) was issued 2 business days after verification on February 20, 2026.

Scenario 4 — Vikram Malhotra: Late Assignment Submission & Penalty

Student & Course: Vikram Malhotra — Web Development Foundations

Assignment & Timeline: Assignment 2 (React State Management) was due April 10, 2026 at 11:59 PM. Vikram submitted on April 12, 2026 at 2:15 PM (2 calendar days late).

Grading & Outcome: Earned raw evaluation score of 85/100. Because submission was within the 3-day grace period, a 10% penalty (-8.5 points) was applied. Final recorded grade: 76.5/100. Graded within 3 business days on April 15, 2026.

Scenario 5 — Neha Kulkarni: Assessment Retake Requirement

Student & Course: Neha Kulkarni — Cloud Fundamentals

Academic Activity: Completed 85% of course lessons (satisfies 80% attendance rule). Scored 54% on the final assessment (below 60% passing mark).

Evaluation & Outcome: CERTIFICATE WITHHELD. Neha failed to achieve the minimum 60% assessment score. In accordance with policy, she was scheduled for one free retake 7 calendar days later.

8. Quick Reference & System Verification Matrix

The following structured reference matrix compiles 24 key facts from across this manual for automated retrieval verification and cross-policy reasoning benchmarks.

Fact ID	Domain / Topic	Canonical Specification / Value
F-01	Founding Year	2021
F-02	Headquarters	Bengaluru, Karnataka, India
F-03	Support Operating Hours	Monday–Friday, 9:00 AM–5:00 PM IST
F-04	Support Response Target	1 business day
F-05	Web Dev Duration & Fee	8 weeks duration; fee is ₹7,500
F-06	Data Analytics Duration & Fee	6 weeks duration; fee is ₹6,000
F-07	Cloud Fundamentals Duration & Fee	4 weeks duration; fee is ₹4,000
F-08	All-Courses Combined Fee	₹17,500 (₹7,500 + ₹6,000 + ₹4,000)
F-09	All-Courses Combined Duration	18 weeks sequential study (8 + 6 + 4)
F-10	Total Graded Course Assignments	9 assignments across all 3 courses (4 + 3 + 2)
F-11	Total Capstone Projects	3 capstone projects across the catalog (1 per course)
F-12	Refund Request Deadline	Within 7 calendar days from payment date
F-13	Refund Lesson Completion Ceiling	Maximum 1 lesson completed (2 or more disqualifies)

F-14	Refund Assignment Ceiling	0 graded assignments submitted (1 or more disqualifies)
F-15	Refund Processing Window	5–7 business days after approval
F-16	Certificate Lesson Threshold	Minimum 80% lesson completion required
F-17	Certificate Assessment Threshold	Minimum 60% final assessment score required
F-18	Certificate Issuance Timeline	2 business days following academic verification
F-19	Assessment Retake Waiting Period	7 calendar days between initial attempt and retake
F-20	Assignment Grading Window	3 business days from submission timestamp
F-21	Late Assignment Deduction	10% penalty for up to 3 calendar days late
F-22	Late Assignment Hard Cutoff	Zero score if >3 calendar days late without prior exception
F-23	Minimum Video Streaming Speed	5 Mbps internet bandwidth
F-24	Credentials Non-Disclosure Rule	Staff never ask for passwords or OTPs
